Dear Middle School Parent,

After considering data from the ACT English and Reading tests, as well as Dibels and Star tests, your student has been placed in a leveled English Language Arts course. We're so excited to offer these different ELA classes.

These courses are: Intermediate 5, Course 1, Course 2, Course 3, and English 9. For each class, there is summer bridge work. All of the classes will be reading a novel. For some courses, doing a project, writing an essay, or additional tasks will be required. All of this work is designed to not only keep brains engaged over the summer, but to adequately prepare your students for the year ahead.

**All middle school students will be required to complete summer bridge work. Summer bridge work is due on the first day of school.**

There are specific instructions for each course/level that are different from other classes. You will be notified of course placement by email. Course letters, more detailed instructions, downloadable packets, and URLs will be emailed to you and posted on the Saint Andrew website.

Please read the more detailed instructions in each course letter carefully. Below is a summary of the summer work for each course. The below list is simply a summary of the work for each course:
